

Kew Little Pigs

BOAR HIRE TERMS & CONDITIONS

This includes:

The hire period in the Boar Hire agreement must be adhered to and the Boar must be returned in a healthy condition

We will ensure that the Boar is provided in good health and has up to date vaccinations

The Boar is hired out for breeding purposes only and should not be used for anything else

Hire fees are £30 per day and you will be responsible for the Boar for the duration of his stay. This includes all food, water, hay, straw, and housing

In the event of our Boar being unwell or harmed you must contact Kew Little Pigs immediately and make the necessary phone calls and arrangements for a vet visit.

We cover all vets costs (unless the liability is yours)

A £300 deposit must be made as a security payment for our pig. This will be given back to you once the Boar is returned to us. You will not get this back if any of the terms and conditions or contract agreements are broken

If you require us to facilitate breeding on our farm, we are able to accommodate you. To bring your Sow/Gilt to our farm and hire our Boar, it is £50 per day. This is for use of our facilities, bedding, feed, housing and essential day to day care. A deposit of £100 is required for this.

When hiring our Boar, you must provide us with your CPH number, proof of address and formal identification. Our Boar must only be used to sire Gilts or Sows by the person who has signed the agreement only.

Our Boar should be cared for in the correct manner according to DEFRA.

Kew Little Pigs

BOAR HIRE TERMS & CONDITIONS

We will insure our Boar while it is on your land
You must deliver the Boar back to us at the end of the
Boar hire period or arrange transport through us to
collect him

The agreement is for a minimum period of 21 days and
cannot be terminated within these 21 days due to the 20
day standstill that is a legal requirement for livestock. A
7 day notice period is required to amend this
Booking by appointment and email only
